---

Aloha,

We wish to provide input to the PMAR plans as we understand them so far. We are in agreement with the HPP PMAR Committee regarding withholding of State funds until all questions are answered. Also, our choice would:

1. That no cut be made through HPP but, instead, perhaps begin the alternate route at Shower Drive. That way, HPP residents could proceed towards Shower Drive and the lower Puna subdivisions could proceed towards Hwy 130.

2. Widen Hwy 130 in addition to the above.

Another possibility would be to restore the Kalapana road that was destroyed by Kilauea...knowing that this probably is not too feasible due to the potential for re-occurrence.

Mahalo,

Det and Tom Picher
