

To: Puna Committee Development Plan Action Committee

From: Puna mauka talk story Group

Aloha committee,

Thank you for your service to the People of Puna.

As you are aware the public is working on a number of items relating to our PCDP. We are hopeful that our efforts will be supported by this body in the implementation phase of our PCDP.

The Puna Mauka talk story group will be meeting to discuss to items (see attached flyer)

During the PCDP process small group meetings, facilitators used a method using flip charts, dots and markers to help focus on and prioritize objectives. Larry Brown can summarize the process for you.

Our group is requesting that the planning department support our group in providing a flip chart, markers and dots. These will be used at our meetings giving participants an opportunity to weigh in on issues. Connectivity criteria priorities will be one topic discussed.

We will submit to this body our data and recommendations.

Stephanie Bath

# **Upper Puna Subdivisions**
