

Objectives and Criteria: Local Economy

Objectives:

Preserve and enhance the 'ohana economy.

Increase the number and diversity of income sources for local people, including jobs and entrepreneurial opportunities that complement Ka'ū's ecology, culture and changing demographics.

Establish or expand retail, service, dining, and entertainment centers in hamlets, villages, and towns capable of supporting Ka'ū-appropriate growth.

A Successful Plan:

Preserves and enhances the 'ohana economy.

Increases the number and diversity of income sources for local people, including jobs and entrepreneurial opportunities that complement Ka'ū's ecology, culture and changing demographics.

Establishes or expands retail, service, dining, and entertainment centers in hamlets, villages, and towns capable of supporting Ka'ū-appropriate growth.

Objectives and Criteria: Natural Resources

Objectives:

Protect and enhance ecosystems, including mauka forests and the shorelines, while assuring responsible access for locals and for visitors.

Preserve prime agricultural lands and preserve and enhance viewsapes that exemplify Ka'ū's rural character.

Encourage management plans to assure that human activity doesn't degrade the quality of Ka'ū's unique natural and cultural landscape.

A Successful Plan:

Protects and enhances ecosystems, including mauka forests and the shorelines, while assuring responsible access for locals and for visitors.

Preserves prime agricultural lands and preserve and enhances viewsapes that exemplify Ka'ū's rural character.

Encourages management plans to assure that human activity doesn't degrade the quality of Ka'ū's unique natural and cultural landscape.

Objectives and Criteria: Community

Objectives:

Protect and enhance Ka'ū's unique cultural assets, including archeological and historic sites and historic buildings.

Establish and enforce standards for development and construction that reflect community values of architectural beauty and distinctiveness.

Encourage future settlement patterns that are safe, sustainable, and connected. They should protect people and community facilities from lava inundation and coastal hazards, and they should honor the best of Ka'ū's historic precedents: concentrating new commercial and residential development in compact, walkable, mixed-use town/village centers and limiting development in the rural lands and on shorelines outside those centers.

Identify viable sites for critical community infrastructure, including educational facilities to serve both youth and adults and a permanent police substation in HOVE.

Establish a rural transportation network, including roadway alternatives to Highway 11, a regional trail system, and an expanded bus and para-transit system.

A Successful Plan:

Protects and enhances Ka'ū's unique cultural assets, including archeological and historic sites and historic buildings.

Establishes and enforces standards for development and construction that reflect community values of architectural beauty and distinctiveness.

Encourages future settlement patterns that are safe, sustainable, and connected. They should protect people and community facilities from lava inundation and coastal hazards, and they should honor the best of Ka'ū's historic precedents: concentrating new commercial and residential development in compact, walkable, mixed-use town/village centers and limiting development in the rural lands and on shorelines outside those centers.

Identifies viable sites for critical community infrastructure, including educational facilities to serve both youth and adults and a permanent police substation in HOVE.

Establishes a rural transportation network, including roadway alternatives to Highway 11, a regional trail system, and an expanded bus and para-transit system.
