Subject: Community Development Plan

We would like you to please consider review of the Kona Community Development Plan prior to reviewing the Puna Community Development Plan. Although there are some good points to the Puna plan, it is not as comprehensive or as well planned as Kona's version. By allowing review of the Kona plan first, a level of excellence will be set for future plans. We feel that our island and our communities will benefit by this action.

Thank you for your time and consideration on this subject matter.
